

FLI® SYSTEMS

RMO's Aesthetic Brackets and Wire Products

FLI® Signature Clear Brackets and FLI® Aesthetic Wire

FLI® CERAMIC SELF LIGATING BRACKETS

- High quality, stain resistant polymer clip provides unmatched aesthetics - 100% metal free and nickel free
- Enhanced patented clip design delivers maximum rotational control and effortless opening and closing in the mouth
- Smooth, polished archslot reduces friction and minimizes binding and notching
- Advanced mechanical base design delivers superior bonding with reliable and consistent de-bonding
- Tie wing undercuts and downdraft design allows for selective, conventional ligation when needed

FLI® SIGNATURE CLEAR BRACKETS

- Tie wings incorporate undercuts and downdraft for easy and secure ligation
- Fully transparent for unmatched aesthetics without glare or reflections, Smooth rounded surface is fully polished for exceptional patient comfort
- Smooth rounded flared archslot lead-ins for reduced friction and improved sliding mechanics
- Ideal profile ensures maximum patient comfort
- Polycrystalline ceramic - 99.99% pure alumina oxide for maximum strength

Ricketts® Original

FLI® COMPOSITE BRACKETS

- Tie wings with deep undercuts and downdraft for easy, more secure ligation
- Smooth, fully polished surfaces
- Low profile with rounded contours for exceptional patient comfort
- Contour base design for optimum adhesion to tooth surface
- Low cost system, an economical solution for any office

AVAILABLE IN THESE PRESCRIPTIONS

Standard Edgewise

FLI® AESTHETIC WIRE

- Improved bending characteristics with true heat activation for predictable results (Orthonol® only)
- Enhanced flake resistance and durability throughout treatment
- Maintains expected forces and performance characteristics better than standard nickel-titanium
- Natural aesthetic appearance with ceramic brackets
- Broad range of force levels providing multiple options for doctors
- Coating on labial surface only

AVAILABLE IN THESE MATERIALS

Orthonol® - Nickel Titanium
TRU-CHROME® - Stainless Steel

FLI® CSL Brackets and FLI® Aesthetic Wire
