

UNIZ NBEE – SCHEU Edition

The world's fastest dental printer

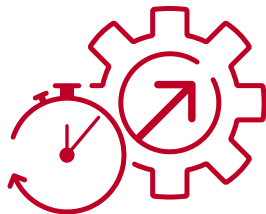

HIGHLY PRECISE RESULTS IN RECORD TIME

Up to 6 arch-shaped models in under 10 minutes

Quick

Minimal time required for the fabrication of models and flexible laboratory planning.

Productive

Multiplication of your output possible even when the requirements are complex.

User-friendly

Modern software, intuitive operation and 7-inch touch display make processes easier

Having to wait is yesterday's news

Efficient, time-saving work processes are becoming ever more important in dental laboratories and practices.

With the UNIZ NBEE – SCHEU Edition, waiting when fabricating models, directly printed aligners, splints and other indications is a thing of the past.

The world's fastest dental printer can print up to 6 arch-shaped models in under 10 minutes. This gives you the benefit of a new degree of flexibility and productivity during your daily work.

Highly precise results with a variety of indications

Record speed and impressive precision go hand in hand with UNIZ NBEE – SCHEU Edition. Thanks to the high resolution of 49.8 μm , the printer is suitable for many dental indications. You will also enjoy the benefits of extreme user-friendliness thanks to intuitive operation and 7-inch touch display as well as intelligent software.

Long life guaranteed

A water-cooled system keeps the temperature of the UNIZ NBEE – SCHEU Edition reliably below 40°C and extends the service life of the LCD screen to more than 5,000 hours. For even more reliability and to allow you to concentrate on your core business, we would like to offer you our SCHEU 3D direct premium service for maintenance and repairs.

Technical data:

Data

Procedure	LCD Stereo lithography (increased intensity)
Building space	192 x 129 x 180 mm 7.5" x 4.7" x 7.1"
Resolution	49.8 μm
Accuracy (IMPRIMO [®] resin, finished product)	57 μm
Z axes resolution	10-200 μm (25, 50, 100 μm recommended)
Multi-layer mechanism	Stereo Polymer Multi-layer Film Peel
Network connectivity	WLAN/Lan, USB
Dimensions and weight	380 x 380 x 1230 mm (WxDxH)" 15" x 15" x 49" 60 kg / 132 lb
Dimensions and weight (incl. packaging)	490 x 490 x 1300 mm (WxDxH)" 20" x 20" x 51" 65 kg / 144 lb
Optimal working temperature	18~28°C (64~82°F)
Connection data	110 V / 60 Hz 6 A 220 V / 50 Hz 3 A
Light source	Collimated lighting, 4th generation

For even better results: the SCHEU 3D printer resins

The 3D printer resins - high-quality, light-curing, methacrylate-based resins - are the ideal addition to the UNIZ NBEE – SCHEU Edition.

IMPRIMO® LC Model

Working models, study models and stump models

IMPRIMO® LC Splint

Bite splints, drilling templates

IMPRIMO® LC Splint flex, transparent, blue

Bite splints, grinding splints, lower jaw protrusion splints

IMPRIMO® LC Impression

Bases, function trays

IMPRIMO® LC Cast

Casting models

IMPRIMO® LC IBT

Transfer masks for the indirect bonding technique

IMPRIMO® LC Gingiva

Gingival masks

IMPRIMO® LC Temp

Provisional crowns and bridges and mock-ups

IMPRIMO® LC Temp It

Crowns and bridges as long-term provisional restorations and mock-ups

IMPRIMO® LC MJF

Appliances for oral and maxillofacial surgery and implantology

IMPRIMO® LC Denture

Denture bases

IMPRIMO® LC Try-In

Functional try-in

SCHEU 3D Direct – Premium Service & Material

Take care of your business and leave our 3D printing experts to deal with repairs and maintenance.

The world's fastest dental printer now comes complete with premium service.

For just €190/month, you will receive the following services:

- 2-Year guarantee at SCHEU
- €2,000 material package per year
- Exclusive SCHEU-DENTAL software
- Annual check-up
- Immediate assistance from experts
- Spare parts inventory in Germany
- The most up-to-date parameters
- Interesting webinars

Your benefits:

- High productivity thanks to high-speed 3D printing
Up to 6 arch-shaped models in 10 minutes, with each arch-shaped model taking less than 2 minutes to print
- Broad area of application and maximum precision thanks to 49.8 µm resolution
- Minimal maintenance thanks to LCD screen with modern water cooling and high-quality components
- Convenient operation via 7-inch touch display
- Data is transferred optionally via WLAN/LAN or USB.
- Comprehensive service with SCHEU 3D premium service: 2-year guarantee, regular check-ups, immediate assistance from experts and many other benefits
